

Public Instant Messaging Statistics

There are currently over 500 million IM users worldwide and 255,000 new users subscribe to IM services each day

- IDC, September 2000 (ICMM 6.3)

Enterprise-IM Statistics

Over 125 million people are currently using Public IM services in the workplace

- Chela Trend Watch, March 2002

Causerie® is a "Unified" Instant Messaging Solution for J2ME devices. It allows users to communicate instantly and seamlessly across all major IM networks, such as AIM, ICQ, MSN and Yahoo. Causerie® Enterprise supports corporate Instant Messaging protocols like IBM Sametime, Jabber® and Microsoft® Live (beta). It supports roBots (Bots), powerful buddy agents that retrieve real time data such as stocks, weather, news, currency, traffic, eBay auction information, etc. Causerie® lets you communicate "Anywhere, Anytime" with your family, friends and colleagues without requiring a PC or laptop.

Causerie Consumer Version Features:

- Login access to your favorite Messengers like Yahoo/MSN/AOL/Jabber/ICQ
- Simultaneous login to six different messenger accounts
- Access to two accounts of the same messenger
- Readily available robots to get important information in a single tap(stocks, weather, traffic, quotes, news, eBay, Google, Movies, Horoscope and many more added)
- Buddy List Maintenance (Add/Delete Buddies Easily)
- Reflect your emotions and feelings through emoticons/Smileys
- New message notification while running other applications
- Support for Offline Messages – Do not miss your offline messages
- Quick Text messages: Pre-defined message support
- Real time Status Updates
- Yahoo and Hotmail Push Mail notifications

Benefits:

- "Unified" Messenger (Ability to interact with multiple networks)
- Effective buddies maintenance
- Classic User Interface
